

CR7™

AFFORDABLE - SCALABLE - EXCEPTIONAL VALUE

Another innovation from Raven is a small, yet powerful field computer.

The CR7™ is a 7" lightweight field computer with customizable in-job layouts. A simple widget concept with ISO Universal Terminal and Task Controller capabilities make this mighty unit an affordable, scalable, plug-and-play system. The CR7™ is compatible with Slingshot® file transfer and remote support, RS1 and SC1 autosteering, AccuBoom™, Raven serial consoles, and more.
